EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Dmitry Milikovsky on September 30, 2005.

The application has been amended as follows:

Claim 12, line 8, "the terminal to the base station" has been changed to –a terminal to a base station-;

Claim 19, line 8, "a total received power" has been changed to –the total received power-;

Claim 20, line 8, "a total received power" has been changed to –the total received power-;

Claim 36, line 5, "a total received power" has been changed to –the total received power-;

Claim 37 and 38, "the signal to noise determination module" has been changed to –the processor-;

Claim 40, line 5, “a total received power” has been changed to –the total received power-;

Claim 41 and 42, “the signal to noise determination module” has been changed to –the processor-;

Allowable Subject Matter

2. Claim 2-10, 12-14, 16-20 and 24-43 are allowed.
3. The following is an examiner’s statement of reasons for allowance:

The present invention is directed to a method of allocating sub-carriers in an OFDM system. The prior arts in the record fails to teach or make obvious to a method comprising determining a total received power at a receiver and adjusting the number of allocated sub-carriers based on the signal to noise ratio, the total received power and the number of currently allocated sub-carriers. These features are claimed in the independent claims and render them allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
